NEW BEDFORD, MASSACHUSETTS (USA). University Pathologists (UPLLC), an Aurora Diagnostics Partner, is recruiting for a dynamic Hematopathologist to join our team at Southcoast Health, in New Bedford, MA. Southcoast Health provides a continuum of health care services in southeastern Massachusetts and Rhode Island, ranging from primary care to neurosurgery with hospitals in Fall River, New Bedford and Wareham, MA, urgent care centers, cancer centers, rehabilitation, lab and VNA, as well as a number of physician practices throughout the South Coast region.

We are seeking candidates with at least five years of experience in the field of hematopathology, with expertise in different subspecialties of hematopathology including Flow Cytometry, Immunohistochemistry, Cytogenetics, Coagulation and Molecular genetics.

The candidate must be fellowship trained and AP/CP Board Certified. Expertise in clinical pathology is most welcomed. Candidates must have excellent communication skills, and be able to interact well with clinicians, administrators and laboratory staff. The successful candidate should be a strong team player and have the ability to work independently.

This full-time position is an integral part of UPLLC in southeastern Massachusetts. University Pathologists is a growing, multi-specialty, multi-state professional group of 20 pathologists with 9 pathologist assistants, providing Anatomic and Clinical Pathology to multiple hospitals, surgery centers and outpatient facilities in MA, RI and CT.

The position is available immediately. Interested candidates should send a letter of interest and curriculum vitae addressed to:
