

CURRICULUM VITAE
PHILIP A. TISDALL, MD

Education:

School:

1958-67	Elboya Elementary & Jr. High School, Calgary
1967-70	Henry Wise Wood High School, Calgary
1970-72	Undergraduate: pre-medical studies, Univ. of Calgary
1972-76	Medical School: Univ. of Alberta, Edmonton
	-MD with distinction
	-Gold Medal in Surgery
	-MacKenzie Award for History and Physical Examination

Post-Graduate:

1976-77	Rotating Internship, Holy Cross Hospital, Calgary
1977-80	Residency in Clinical Pathology, Mayo Clinic Rochester, MN
1980-82	Residency in Anatomical Pathology, Foothills Hospital, Calgary
1982	Board Certified in Pathology (AP & CP) FRCP(C) in General Pathology
1983	NRC licensed user in Nuclear Medicine

Working Experience:

1983-85	Staff Pathologist, Rockyview Hospital, Calgary
1986-87	Pathologist, Assoc. Clinical Pathologists, Calgary
1987-	Pathologist and Director, Seacoast Pathology, Exeter, NH

Professional Activities:

1982-87	Forensic Pathologist (part-time), Calgary Medical Examiner's Office, Calgary
1982-87	Clinical Assistant Professor, Faculty of Medicine, Univ. of Calgary
1987-88	Calgary Winter Olympics Organizing Committee (OCO'88) Medical Services
1984 & 86	Organizing Committee, International Symposium on Technical Innovations in Laboratory Medicine
1986-87	Scientific Advisory Board, Chembiomed Ltd., Edmonton Alberta
1995-97	President, Medical Staff, Exeter Hospital, Exeter, NH

Papers & Books Published:

1. Tisdall, P.A. and Roberts, G. D.: Aerobic Actinomycetes and the Clinical Laboratory. Clin Micor Newslet 1 (15): 1-3 Aug 1, 1979
2. Tisdall, P.A., Roberts, G.D. and Anhalt, J.P.: Identification of Clinical Isolates of Mycobacteria with Gas-Liquid Chromatography Alone. J Clin Micro 10 (4): 506-514 Oct. 1979
3. Tisdall, P.A. and Anhalt, J.P.: Rapid Differentiation of Streptomyces from Nocardia by Liquid Chromatography. J Clin Micro 10 (4): 503-505 Oct. 1979
4. Tisdall, P.A., Moyer, T.P. and Anhalt, J.P.: Liquid-Chromatographic Detection of Thiazide Diuretics in Urine. Clin Chem 26 (6): 702-706, 1980
5. Tisdall, P.A., DeYoung, D.R., Roberts, G.D. and Anhalt, J.P.: Identification of Clinical Isolates of Mycobacteria with Gas-Liquid Chromatography Alone: A 10-month follow-up. J Clin Micro. 16 (2): 400-402 Aug. 1982
6. Tisdall, P.A.: Infectious Diseases Transmissible by Blood Transfusion. Can. Assoc. of Immunohem. Newsbulletin 5 (4): 30,1984
7. Tisdall, P.A.: Evaluation of a Laser-based Three-part Leukocyte Differential Analyzer in Detection of Clinical Abnormalities. Lab Med 16 (4): 228-233, 1985
8. Houwen, B., Tisdall, P., Croucher, B., McDonald, J., Fettes, G., Pinto, A.: Comparison of the Automated Histogram Differential Between Three Electronic Blood Cell Counters. In: Technological Innovation in Laboratory Hematology. Houwen, B. and Tisdall, P. eds. Elsevier, NY, 1986

Papers Presented:

1. Identification of Mycobacteria by GLC Alone: International Meeting of The American Society of Microbiology, Honolulu, Hawaii, May 1979
2. Evaluation of the Ortho 3-part Leukocyte Differential Analyzer: at International Symposium on Technological Innovation in Laboratory Hematology, Lake Louise, Alberta, May 1984
3. Infectious Disease Transmissible by Blood Transfusion: at Scientific Meeting of the Canadian Association of Immunohematologists. Banff, Alberta, May 1984
4. Interpreting the Routine CBC: Medifacts Vol IVI, No.6, Audio Education

Service of the College of Family Physicians of Canada

Memberships in Organizations:

Fellow, Royal College of Physicians and Surgeons (Canada)

American Society of Clinical Pathology

Fellow, College of Pathology
