

# SHAWN LIU, MD, MPH

## EDUCATION

Guangzhou Medical College (MD)  
Guangzhou, Guangdong, China

University of California at Los Angeles  
School of Public Health (MPH)  
Los Angeles, CA

## POSTGRADUATE TRAINING

Surgical and GI Pathology Fellowship  
New York University Medical Center  
New York, NY

Cytopathology Fellowship  
University of Mississippi Medical Center  
Jackson, MS

Pathology Residency  
University of Mississippi Medical Center  
Jackson, MS

## BOARD CERTIFICATIONS

Anatomic Pathology

## Pathologist

Aurora Diagnostics Pathology Solutions is privileged to include Shawn Liu, M.D., M.P.H., as a member of our medical staff. Dr. Liu has extensive professional experience with an impressive academic background.

Dr. Liu received his medical degree from the Guangzhou Medical College in China, where he subsequently worked as Resident of Internal Medicine and Fellow of Infectious Diseases before relocating to the United States.

Dr. Liu went on to earn his Master of Public Health degree from the University of California at Los Angeles, during which he concurrently worked as a Research Assistant in the Department of Epidemiology and the Microbial Diseases Research Laboratory. He then served as Laboratory Director with Quest Diagnostics for five years before moving to the University of Mississippi Medical Center in Jackson, Mississippi, where he went through pathology residency training and cytopathology fellowship training. He later completed surgical fellowship training in breast and gastrointestinal pathology at the New York University Medical Center in New York City to conclude his seven-year postgraduate training.

Dr. Liu has since garnered considerable professional experience across New York. He served as GI Pathologist and Director of Pathology for eight private pathology practices over the course of a decade. He then joined the staff of Pathology Solutions, where he currently works as Attending Pathologist.

Dr. Liu has been a member of the College of American Pathologists for over twenty years. He holds full medical licensure in the states of California and New York. He is board certified in anatomic pathology by the American Board of Pathology.

Dr. Liu has had the results of his research efforts published in peer-reviewed medical journals. He has also delivered several abstract and oral presentations at professional medical conferences.

*(See reverse for a sampling of published works.)*
